Nurseries available for every regular scheduled services

Nursery ministry serves parents and their children 0 — 1 years of age. There are three nurseries by age group, 0 -1 year, 1 year old and 2 year old. It is our goal in this ministry to care for your children with excellence while teaching the basic principles that God loves them, God made them, and we are to love one another. Feel free to take a tour of the facilities anytime by contacting the nursery coordinator. For your convenience, the nurseries are open 15 minutes prior to service. To maintain excellence in our Nursery department and for the safety of our babies, we require background checks on all caregivers. We also provide a paging system if you child should need you during the service. If you do not choose a nursery and desire to keep your child with you during the service, if they become disruptive, we .ask that you take your child to our Hospitality room. There, we have provided a large screen television for you to view the service.
